Here is what our alumni say about freeCodeCamp:

Shawn Wang in Singapore

Software Engineer at **Amazon**

"It's scary to change careers. I only gained confidence that I could code by working through the hundreds of hours of free lessons on freeCodeCamp. Within a year I had a six-figure job as a Software Engineer. **freeCodeCamp changed my life.**"

Sarah Chima in Nigeria

Software Engineer at
ChatDesk

"**freeCodeCamp was the gateway to my career** as a software developer. The well-structured curriculum took my coding knowledge from a total beginner level to a very confident level. It was everything I needed to land my first dev job at an amazing company."

Emma Bostian in Sweden

Software Engineer at **Spotify**

"I've always struggled with learning JavaScript. I've taken many courses but freeCodeCamp's course was the one which stuck. Studying JavaScript as well as data structures and algorithms on **freeCodeCamp gave me the skills** and confidence I needed to land my dream job as a software engineer at Spotify."

Our mission: to help people learn to code for free. We accomplish this by creating thousands of videos, articles, and interactive coding lessons - all freely available to the public. We also have thousands of freeCodeCamp study groups around the world.

Donations to freeCodeCamp go toward our education initiatives, and help pay for servers, services, and staff.

You can make a tax-deductible donation here (/donate).
